Please provide a brief testimonial on behalf of Magnum Inspections Inc. (optional):

I am an engineer, and have worked in the construction and public works industry for the US Army for the past 7-years, both in the United States and Overseas. Besides facility operations and maintenance functions, I am also responsible for oversight of military housing services to military families assigned to South Florida, part of which involves an office that provides informational assistance for leasing or purchasing homes on the local market. With Magnum's request/approval, I intend to add Magnum Inspections, Inc. to our list of "suggested" home inspectors and related service providers that we provide the military home buyers we support in S. Florida. Eric Magnum is highly competent, very thorough and, most importantly, honest and forthright in his assessments and recommendations... he will not "pull a punch" or "minimize the magnitude or potential adverse consequences of a noted deficiency" just to satisfy a client (home buyer or home owner) or realtor just who wants to close.
