Please provide a brief testimonial on behalf of Magnum Inspections Inc. (optional):

Eric was extremely knowledgable and helpful in the inspection process and offered us a great deal of information we were able to use in our search for a new home. It allowed us to be more informed in the search process by not wasting time on homes that were not going to meet our expectations or pass the inspection process. He was extremely patient and helpful and saved us not only time and money but the headaches we could have endured should we have contracted and purchased one of the homes we thought we wanted to buy had he not inspected them as thoroughly as he did and advise us on the aspects of the home which would have been detrimental to us financially.
